

Tenax Sild

SUPREME QUALITY FISH

We love fish

and good quality that you can see, taste and smell. For that reason, all our products, from herring to pâtés, are of supreme standard, enabling us to provide the same good quality – every time. We have done that since 1987 and we will continue to do so.

Retail

As a customer of Tenax, you gain access to a unique world of fish products. We are not just a provider, but also a partner of several strong retail brands.

We continuously develop new, exciting and innovative products and are in close dialogue with our customers to ensure the success of both new and existing products.

At Tenax, we consider it our job to contribute inspiration and exciting recipes for the use of our products – and we are always open to dialogue and feedback.

Foodservice

We are professionals like you. Tenax is not just a provider, but also a partner of several strong brands within the professional cuisine industry.

At Tenax, we consider it our job to contribute inspiration and exciting recipes for the use of our products. With many years of experience working with institutions, canteens, industrial kitchens and restaurants, we are always open to dialogue and feedback.

Brief introduction

Tenax is a well-consolidated company that has cemented its position in the market in recent years. We are the leading provider of herring, fish cakes, and fish specialties to the retail and foodservice industries, and we also export to various European countries.

Today, we have 130 experienced employees in our two production facilities, located in Nyborg and Aalbæk, respectively

Sustainability

At Tenax, we focus on the global climate challenges and as a company, our goal is to reduce the environmental impact of our production processes and products.

We implement improvements in accordance with the UN Sustainable Development Goals:

Produced in Denmark

We are very proud that all our herring, fish cakes, and pâtés are produced in our own factories here in Denmark.

The herring for our products come from the Norwegian Sea, the North Sea, and the waters around Iceland. The fish for our fish cakes come from the waters around Iceland and the Faroe Islands, the Norwegian Sea, the North Sea, Skagerrak, Kattegat, and the northeastern Pacific*.

*Note: The Pacific is only used in fish cakes made with wild-caught salmon (MSC certified). ASC certified is sustainably farmed in Norway.
